European-Winter School on Physical Organic Chemistry (E-WiSPOC)

The European-Winter School on Physical Organic Chemistry (**E-WiSPOC**), at its tenth edition, constitutes an unique opportunity to gain expertise in the field of Organic Chemistry. If you are interested in WHY and not only HOW chemical reactions proceed you MUST attend this School. If you consider **Physical Organic Chemistry** an obsolete discipline you are wrong: it is more alive than ever!

The topic of the **2016** edition is **functional surfaces in chemistry and biology**.
Informazioni**Organize by:** Dipartimento di Scienze Chimiche Università di Padova
Luogo: Bressanone (Italy)
Dal: 31 January, 2016
Al: 5 February, 2016
Link scuola: E-WiSPOC 2016 [1]
Contatti**Nome:** Dr. Miriam Mba
Email: wispoc.chimica@unipd.it
