2nd E3 Mediterranean Symposium: Electrochemistry for Environment and Energy

You are welcome to the second edition of the E3 Mediterranean Symposium: Electrochemistry for Environment and Energy, that will be held from September 14 to 16, 2016 at Palazzo Feltrinelli, in Gargnano (Garda Lake), Italy.

E3 will follow the "Giornate dell'Elettrochimica Italiana (GEI 2016) [1]" and will be organized by the electrochemists of Università degli Studi di Milano, Università di Milano Bicocca and Politecnico di Milano, in collaboration with the Group of Electrochemistry of the Royal Spanish Society of Chemistry [2] and the Board of the Electrochemistry Division of the Italian Chemical Society [3].

The conference aims at further promoting the collaboration between the Spanish and Italian electrochemists, as well as those of other countries in the Mediterranean area, mainly involved in the fields of environmental electrochemistry and energy conversion and storage.

During the three days, a rich schedule will be offered including three keynote lectures, oral and poster presentations and a Workshop on Electrochemical Technologies.
The location of the conference, Garda Lake, guarantees a relaxed and pleasant atmosphere.

We look forward to meeting you in Gargnano!
Informazioni**Organize by:** Università degli Studi di Milano
Luogo: Gargnano (Lago di Garda)
Dal: 14 September, 2016
Al: 16 September, 2016
Link: E3 2016 [4]
Contatti **Nome:** Luigi Falciola
Email: elettrochimica@soc.chim.it
Telefono: 0250314057
