MASSA 2023

 logo_400x250.png [1]

The conference is aimed to offer the opportunity to meet and discuss the state-of-the-art, instrumentation, methodology, innovation and applications of mass spectrometry in different fields.

Further, the conference will be a good opportunity to link industrial needs with academic knowledge and to promote networking, discussion and cooperation among scientists coming from public and private institutions, universities, industries, control and research institutes.

Topics include characterization of complex natural products, omics sciences, Nutraceutical products, Biomedical pharmaceutical and clinical applications, Imaging MS, MS & environment, IRMS and stable isotopes, MS & Forensic science, MS & Food Safety and authenticity.
Informazioni**Luogo:** Pacific Hotel Fortino, Strada del Fortino 36 10152 Torino, Italia
Dal: 28 Giugno, 2023
Al: 30 Giugno, 2023
